

**Remarks/Arguments:**

The Office Action/Restriction Requirement dated June 6, 2007 re-opened prosecution in the above referenced application (as approved by David Wiley, SPE, TC 2100), and asserted a restriction as between group I (claims 1-35) and group II (claims 36-40). Different classifications are shown for the asserted different groups, so the Applicants do not contest the restriction and hereby elect group I (claims 1-35) without traverse. The above listing of claims makes no amendment except in canceling the non-elected claims 36-40. Examination on the merits in this re-opened prosecution is respectfully requested.

Given the extended prosecution already undergone and the desire to expeditiously move this application toward issue, the undersigned representative welcomes the opportunity to address any matters that the Examiner feels might be resolved via teleconference once the Examiner has conducted his search.

Respectfully submitted:
